

Additional Fee/Contribution Extension

Product Specification

The Additional Fee/Contribution is an extension for Magento 2 developed by PIT Solutions which is designed to enhance the checkout experience for customers by allowing them to contribute towards various social initiatives, provide tips to manufacturers, or select from different gift-wrapping options by giving the option to manage an "Additional Fee/Contribution" field in the checkout. This extension can be easily installed on your online store, and it enables you to create and manage different fee types that customers can select and add to their orders during checkout.

A merchant who wants "The Contribution Fee" feature can allow customers to contribute towards social initiatives such as environmental conservation, poverty alleviation, or any other social cause that aligns with their brand's values. Customers can select the amount they want to contribute, and it will be added to their total order amount.

A merchant who wants a "Tips" feature can allow customers to add a gratuity to show their appreciation to the manufacturers or employees who have contributed to the making or shipping of the product. This feature can be customized to show different tip amounts or a custom tip option.

A merchant who wants a "Gift-Wrapping" feature allows customers to select from different gift-wrapping options and add the associated fee to their order. You can create multiple gift-wrapping options with different styles, materials, and pricing.

The options that can be availed by merchants using this plugin are numerous. With this extension, you can also track the additional fees/contribution collected and use them for the intended purpose or donate them to the relevant social cause. The Additional Fee/Contribution extension adds more value to your online store by providing customers with options to contribute towards social causes, show their appreciation, and customize their orders.

Features

- Can easily Enable / Disable the Additional Fee/Contribution extension.
- Supports multi-website, multi-store, multi-lingual and multi-currency.

2.0 How It Works in Frontend

On the checkout page, there is an Additional Fee/Contribution field (Figure-2). It can be a "Contribution", "Tip", "Gift-Wrapping" fee or so on, which can be managed by Admin based on the need. Customers can choose additional fee / contribution and add it to their order during checkout.

2.1 Checkout Page

The screenshot displays the checkout page layout. On the left, the 'Payment Method' section is active, showing 'Check / Money order' and a checkbox for 'My billing and shipping address are the same'. Below this, there are input fields for 'firstname lastname', 'street', 'City, Florida 12345', 'United States', and '987654321'. A blue 'Place Order' button is positioned to the right of these fields. At the bottom of the payment method section, there is a red-bordered dropdown menu labeled 'Additional Fee/Contribution' and a link for 'Apply Discount Code'. On the right side, the 'Order Summary' table lists: 'Cart Subtotal' (\$45.00), 'Shipping Flat Rate - Fixed' (\$5.00), and 'Tax' (\$4.50), resulting in an 'Order Total' of '\$54.50'. Below the summary, it indicates '1 Item in Cart'. At the bottom right, there is a 'Ship To:' section with a pencil icon and the same address details as the payment method section.

Expand the Additional Fee/Contribution dropdown to view the Fee Amount:

The expanded dropdown menu is titled 'Additional Fee/Contribution' with an upward-pointing arrow. It contains five radio button options: 'Contribution to Green Initiative (\$10.00)', 'Contribution to Green Initiative (\$20.00)', 'Contribution to Green Initiative (\$30.00)', 'Contribution to Green Initiative (\$40.00)', and 'Custom Contribution'. At the bottom of the menu, there are two buttons: 'Apply' and 'Clear'.

2.1.1 Additional Fee/Contribution

- The additional fee/contribution amount which the customer selects or entered will be added to the order total and the details of additional fee/contribution amount will be displayed in the order summary.

The screenshot shows a checkout page with a 'Payment Method' section on the left and an 'Order Summary' section on the right. The 'Payment Method' section includes a checkbox for 'My billing and shipping address are the same' and a 'Place Order' button. The 'Order Summary' section lists the following items:

Order Summary	
Cart Subtotal	\$45.00
Additional Fee/Contribution Contribution towards green initiative	\$30.00
Shipping Flat Rate - Fixed	\$5.00
Tax	\$4.50
Order Total	\$84.50
1 Item in Cart	

Below the 'Order Summary' is a 'Ship To:' section with a dropdown menu for 'Additional Fee/Contribution' and 'Apply Discount Code'. The shipping address is displayed as: firstname lastname, street, City, Florida 12345, United States, 987654321.

2.1.2 Additional Fee/Contribution with Excluding Tax

- This sets that the **Additional Fee/Contribution** amount entered in Admin is Excluding Tax.
- In Excluding Tax setting, the tax will be calculated for the Fee amount selected or entered by the customer in checkout, which means that the total fee amount will be **Fee + Tax**.
- The tax is calculated based on the tax rate and tax rule provided for the shipping address.
- The Calculated tax will be displayed as Additional Fee/Contribution Tax in checkout order summary.
