

Gift Wrap Extension

Product specification

Gift Wrap is an extension for Magento 2 developed by PIT Solutions that helps shop owners present the option of gift wrapping to their customers.

The extension is a significant convenience for customers with hectic schedules, enabling them to give special holiday gifts with just a click. The plugin allows customers to wrap either a single product or all the products in the cart. Customers can also attach heartwarming gift messages to their presents.

For last-minute decision-makers, the plugin can wrap their products on the cart page or the checkout page. Customers can choose the gift wrap option and have their shopped items delivered gift-wrapped with custom messages to their friends and family.

Gift Wrap Extension is a helpful extension that adds convenience and personalization to online shopping experiences. In addition, the Gift Wrap Extension offers peace of mind for shoppers, as they know that their gifts will arrive wrapped and ready to go. For those living away from loved ones or with busy schedules, this can be particularly helpful.

Overall, Gift Wrap Extension is a simple yet effective tool that enhances the online shopping experience by adding a personal touch and making gift-giving hassle-free.

Features

- Customers can wrap a single product or wrap all products in order.
- Customers can attach a gift message to every gift wrap.
- Customers can wrap their products and orders on the cart page and checkout page.
- Enable or disable the extension from the backend.
- Options to change gift wrap checkbox labels.
- Options to change gift wrap notes.
- Options to change the gift wrap fee label.

- Enable/disable gift wrapping for whole cart.
- Access control for admin users.

Installation

To install the Gift Wrap extension, follow the steps below.

1. Download the extension.
2. Access your web server directories and unzip and upload the content of the zip file to `app/code/Pits/GiftWrap/` directory. Please ignore the steps 1 and 2 if you are installing the extension using composer.
3. Run the following commands from the SSH terminal of the server to complete the installation.
 - a. Enable the module - `php bin/magento module:enable Pits_GiftWrap`
 - b. Update the database schema - `php bin/magento setup:upgrade`
 - c. Generate and pre-compile classes - `php bin/magento setup:di:compile`
 - d. Deploy static files - `php bin/magento setup:static-content:deploy`
 - e. Clear the cache – `php bin/magento cache:flush`

Merging of Gift Wrap Data of Guest User and Logged in User

The gift wrap data of guest user is given priority over logged in user.

Scenario 1: Gift Wrap for Whole Order

1. **Guest User:** Selects the "GIFT WRAP" checkbox at the top of the summary section to gift wrap the cart.
2. **Logged In User:** When the guest user logs in, their cart will retain the "gift wrap for whole order" option.

Scenario 2: Gift Wrap for Individual Products (Guest User Doesn't Have Whole Order Gift Wrap)

3. **Guest User:** Selects the "GIFT WRAP" checkbox under specific product names to gift wrap individual items.
4. **Logged In User:**
 - a. If the logged-in user's cart previously had "gift wrap for the whole order," this will be removed.
 - b. The individual gift wrap selections from the guest user's cart will be applied to the logged-in user's cart.

Scenario 3: Gift Wrap for Individual Products (Guest User and Logged in User Have Product-Level Gift Wrap)

5. **Guest User:** Selects the "GIFT WRAP" checkbox under specific product names to gift wrap individual items.
6. **Logged In User:**
 - a. If the logged-in user's cart already has individual products set to be gift wrapped, the system will update the logged-in user's cart with the guest user's individual product gift wrap selections.
