

# Shipping Methods By Customer Group Extension for Magento 2

## 1. Pre-requisites

Magento 2.3.x or 2.4.x.

## 2. Installation

To install the module, follow the steps below.

Step 1: Download the module/extension and unzip it.

Step 2: Access your web server directories and upload the content of the folder into `app/code/Pits/ShippingMethodByCustomerGroup/` directory.

Step 3: Run the following commands to complete the installation.

1. Enable the module - `php bin/magento module:enable`
2. Update of the database - `php bin/magento setup:upgrade`
3. Generate and pre-compile classes - `php bin/magento setup:di:compile`
4. Deploy static files - `php bin/magento setup:static-content:deploy`

## 3. Product Specification

Shipping Methods By Customer Group is a Magento 2 extension developed by PIT Solutions which helps admin users to show or hide shipping methods for certain customer groups in frontend.

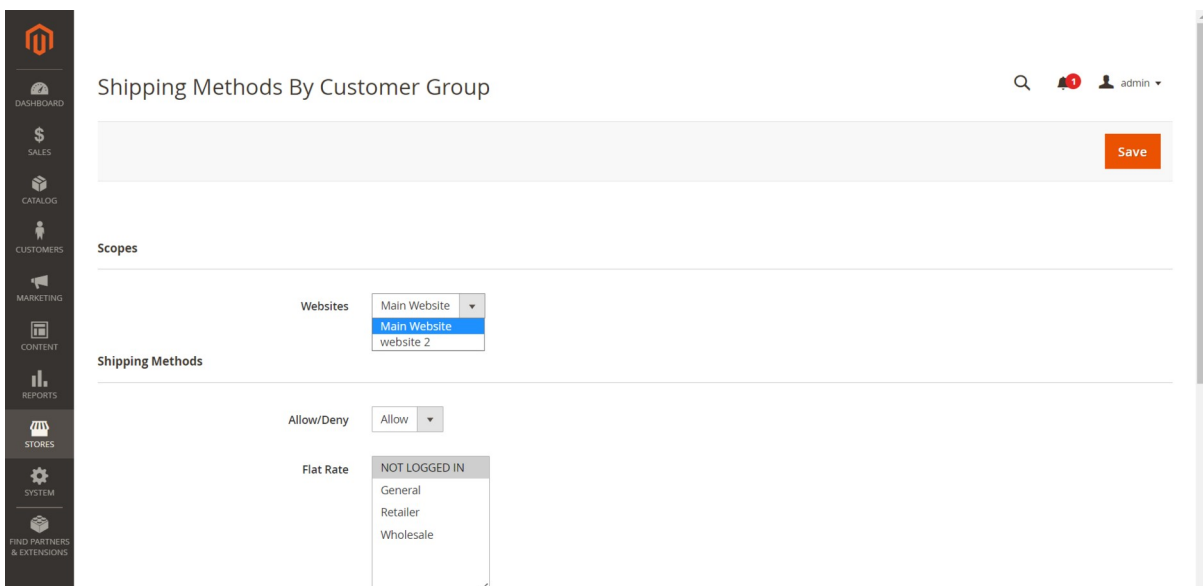

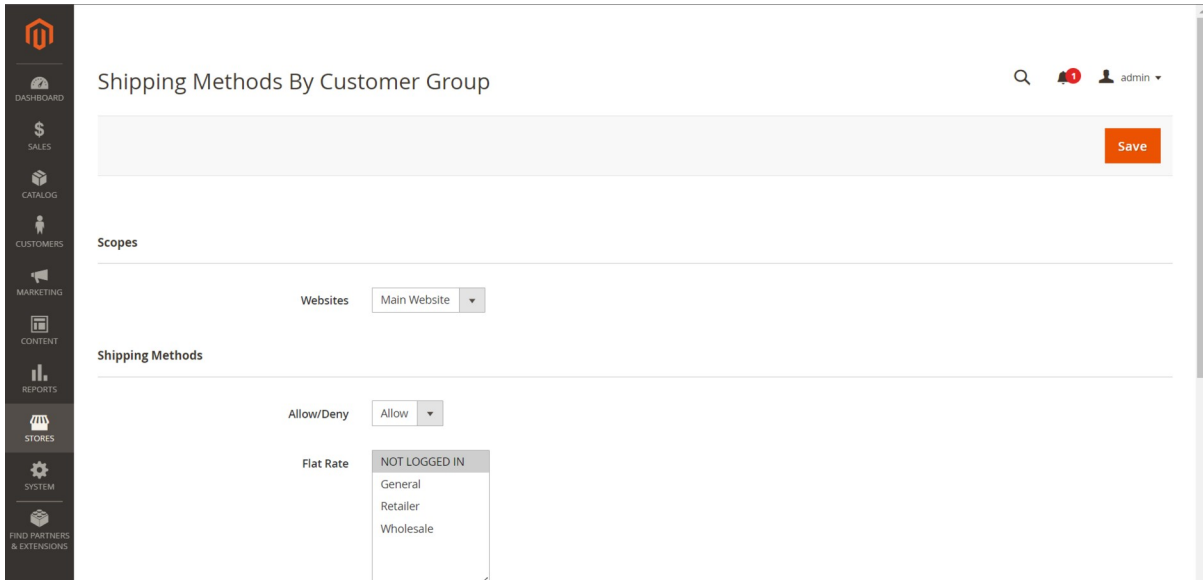

## Features

- Admin can show or hide shipping method according to customer group.
- Shipping methods and customer groups are shown in a single page for easy access.
- Only enabled shipping methods shows in the backend configuration shipping method list.
- Admin has "allow" and "deny" options.
- Admin can restrict shipping methods for each website.

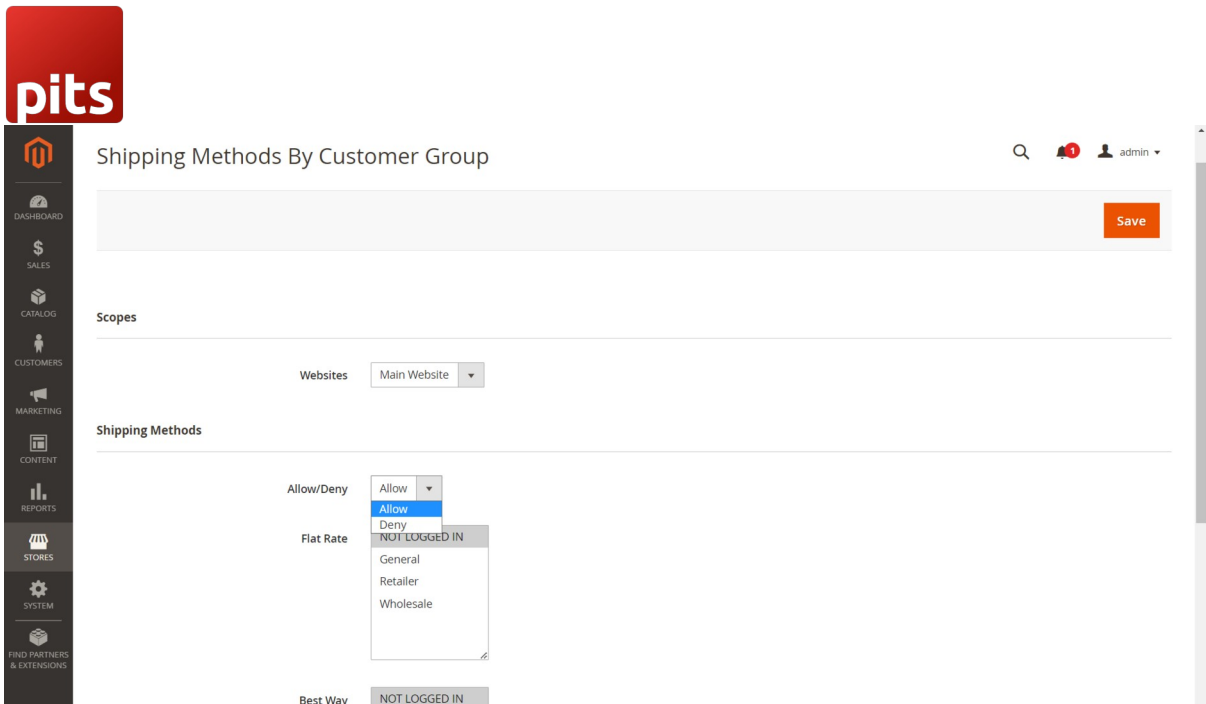

## 4. Screenshots / Video

Can access Shipping Methods By Customer Group extension from Stores > PITS Configuration > Shipping Methods By Customer Group

Available websites are listed in dropdown “Websites”.

The dropdown “Allow/Deny” provides the option to Allow or Deny each shipping method for customer groups.

Enabled shipping methods are listed, and all available customer groups are listed against each shipping method.

**Use case 1 : “Allow/Deny” drop-down is selected with “Deny”. None of the shipping methods are denied**

Shipping Methods By Customer Group

Websites: Main Website

Shipping Methods

Allow/Deny: Deny

Flat Rate: NOT LOGGED IN, General, Retailer, Wholesale

Best Way: NOT LOGGED IN, General, Retailer, Wholesale

Go to Stores > PITS Configuration > Shipping Methods By Customer Group

If “Allow/Deny” drop-down is selected with “Deny”, then that particular shipping method will not be displayed in checkout for the selected customer groups. None of the shipping methods are denied here since no customer group selected in the above configuration.

• \$15.00 Table Rate Best Way

Next

In checkout page, the denied shipping method “Flat Rate” will NOT be displayed for Not Logged In customer group.

## Use case 3: “Allow/Deny” drop-down is selected with “Allow”. None of the shipping methods are allowed

If “Allow/Deny” drop-down is selected with “Allow” and no customer groups are selected, then no shipping method will be shown in the frontend.

The screenshot shows the 'Shipping Methods By Customer Group' configuration page. At the top right, there is a 'Save' button. Below the title, there is a 'Websites' dropdown menu set to 'Main Website'. The main content area is titled 'Shipping Methods' and contains two sections: 'Flat Rate' and 'Best Way'. Each section has an 'Allow/Deny' dropdown menu set to 'Allow' and a list of customer groups: 'NOT LOGGED IN', 'General', 'Retailer', and 'Wholesale'. Below these sections, there are several input fields for address and contact information: two empty text boxes, 'Country \*' (United States), 'State/Province \*' (Please select a region, state or province.), 'City \*', 'Zip/Postal Code \*', and 'Phone Number \*' (with a help icon). At the bottom, there is a 'Shipping Methods' section with a message: 'Sorry, no quotes are available for this order at this time'.

Use case 4: “Allow/Deny” drop-down is selected with “Allow”.
